PYRAMIDS OF PAIN

Boils show the blood is in a riotous, feverish gish to throw off the bodily impurities, which then concentrate at some spot, and a carbuncle or boil is the result. To one already enfeebled !

by disease, boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer. All skin eruptions, from the sometimes fatal care buncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons; and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.
